

PUxx collection by Oniro

PUxx, an innovative development by Oniro

In the past 10 years we have gained a lot of experience in selling vinyl and coated upholstery (Niroxx). We used not only all of our experience, but also the experience of our customers, to start this innovative new development. After an intensive period of development, we are proud of the result, a smooth PU-leather with unprecedented qualities.

PUxx

For the user in all aspects attractive, in strength, in durability and maintenance.

Please find below all technical characteristics.

- 100% PU (Polyurethane), free of PVC and phthalate
- 100% waterproof
- Antibacterial and antifungal
- Oeko-tex certificate
- Flame retarded according BS 5852 Crib 5 / EN 1021 1-2
- Extreme scratch resistance
- Abrasion >300.000 Martindale rubs
- High lightfastness
- Urine and blood resistance
- Very easy surface cleanable (disinfectable) with commonly used products like for example ethanol (alcohol), hydrogen peroxide and active chlorine

Besides all the technical features, not less important: Usability.

- Easy to clean (disinfectable)
- Soft, smooth and stretchy –very easy to upholster on the most difficult shapes or models.
- High comfort because it transports heat easily (no sweaty feeling)
- 59 beautiful colors
- Can be combined with our nice patterns and basics from our Fabrixx collection

When you are interested in the PUxx collection the Oniro team is ready to give a presentation, sending samples and answering all of your questions. We are happy to share our knowledge and experience.
